Hi Raghu,
Good Morning.

Here is the third email. There are several attachments. Some of them may be useful. You do not have to download everything. Just open and see which are useful. I will also check.

Dear Dr. Xu Yang,

It was a great pleasure meeting you at the EMS Meeting in Montreal.
Thank you for sharing the presentation slides on formaldehyde. I very much enjoyed your presentation. I will sincerely appreciate if you can resend the publications attachment by renaming it. Looking forward with to receive your response as soon as possible. Your publications are critical for us to move forward in articulating some the mode of action issues on association of formaldehyde exposure with leukemia and asthma.

Many thanks for your cooperation.

With best regards.

Sincerely,

Bob Sonawane, PhD

Dear Dr. Bob Sonawane,

Group Chief,

I am sending you the papers of my group published on formaldehyde in China recent years. I hope you and I will have more chances to communicate each other in future.

Sincerely

Xu Yang

***** ATTACHMENT NOT DELIVERED

This Email message contained an attachment named
Genotoxicity_from_Xu_Yang.rar
which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name

extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
